May 2025

Dear Members,

this month's Club Night was on Tuesday 6th May. It was a disappointing turnout but we did have one returning visitor, **Craig Jones**.

The evening was a hands-on with a theme of **Texturing**. The night was lead by Charlie, using a Henry Taylor Decorating Elf, and Jim with the Robert Sorby Spiralling Tool. Several members had a go with varying results but it was very interesting to see what could be achieved with a bit of practice.

Competition

This month's subject was **a hollow form** and though the entries were thin on the ground we saw some crackers.

Intermediate and Beginners

1st Chris Hallsworth

Maple ball, turned green, with ripple
Ash collar and Beech pedestal

Advanced

A **dead heat** between:

= **1st Charlie Jones**

Yew ginger jar and lid

= **1st Tony Seeney**

Spalted Beech pot with Ebony lid

Next Club Night is on Tuesday 3rd June

This will be a **demonstration** by **Phil Irons**

The competition theme for May is **live edge**.

All the best and see you in June, Chris
